EXCELSIOR

BURNING OIL.

EXCELSIOR BURNING OIL.—A sample of this Oil, manufactured by Lothrop, Bassett & Co., has been subjected to chemical and photometrical experiments. Although its vapor inflames at common temperature, it will not explode on the approach of flame, the whole of the oil in the lamp being consumed without the wick becoming charred or incrusted. The light afforded by the flame of this oil is agreeable to the eyes, and is excellent for working, reading or writing by, as it contains the desirable rays. Respectfully,

A. A. HAYES, M. D., *State Assayer.*

20 State Street, Boston, January 19, 1866.

STATE ASSAYER'S OFFICE,
20 State Street, Boston.

Messrs. Lothrop, Bassett & Co.—Gentlemen: Your "Excelsior Burning Oil" has been tested and examined here.

The vapor of this substance being dense and heavier than air, will not mix with it. It is not explosive, and there is no danger when burning it from the Marcy Burners.

I consider this a safer illuminating combustible than "Kerosene." Respectfully,

S. DANA HAYES,
24th January, 1866. *Chemist and Assayer.*

The attention of the trade is invited to the above named Excelsior Burning Oil, (which is secured by copyright,) and is pronounced by all who have used it.

The Best Oil in the Market.

It cannot be exploded, and in softness of light is equal to alcohol.

We claim that it possesses all the superior qualities of Fluid, with none of its defects.

It burns beautifully in the common fluid lamp, with straight fluid tubes, and far better than Kerosene in the common Kerosene Lamp, with the simple adoption of "Marcy's Patent Burner," which is the only perfectly safe burner now in use, and its perfect safety will commend it to an intelligent public.

GRAY HAIR.

This is the AMBROSIA that Ring made.

This is the Cure that lay
In the AMBROSIA that Ring made.

This is the Man who was bald and gray,
Who now has raven locks, they say.
He used the Cure that lay
In the AMBROSIA that Ring made.

This is the Maiden, handsome and gray,
Who married the man once bald and gray,
Who now has raven locks, they say.
He used the AMBROSIA that Ring made.

This is the Parson, who, by the way,
Married the maiden, handsome and gray,
To the man once bald and gray,
But who now has raven locks, they say,
Because he used the Cure that lay
In the AMBROSIA that Ring made.

This is the Bell that rings away
To arouse the people sad and gay
Unto this fact, which here does lay—
If you would not be bald or gray,
Use the AMBROSIA that Ring made.

What Maine has Done for the Country.

The Augusta correspondent of the Boston Journal, "Toby Candor," has been permitted to examine the forthcoming and last war report of Adjutant General Hodsdon. He gives a full digest of its contents, from which it appears that the report is a complete and exhaustive one, and will be a most valuable addition to the authentic military history of the eventful period of the rebellion. We give as many of the details and statistics furnished as we have room for in our columns:

NUMBER OF TROOPS FURNISHED.

The total calls for troops from Maine by the President during the rebellion were 72,365; the calls of 1861 numbering 17,560; of 1862, 19,218; of 1863-4, 35,587; which added together give the foregoing number, defined and aggregated by the War Department. In response to these calls the aggregate number furnished and credited was, by counties, as follows:

Androscoggin,	3,812
Aroostook,	1,852
Cumberland,	8,902

In 1863, two regiments of infantry, two regiments of cavalry, one battery of mounted artillery, volunteer recruits and drafted men. Aggregate, 10,223. In 1864-5, two regiments of infantry, six companies of sharpshooters, seven companies of coast guards, three companies for coast fortifications, re-enlistments, volunteer recruits, drafted men and navy. Aggregate, 30,363. Total, 72,945. Recapitulation—31 regiments infantry, 3 regiments cavalry, 1 regiment heavy artillery, 7 batteries mounted artillery, 7 companies sharpshooters, 30 companies unassigned infantry, 7 companies coast guards, 6 companies for coast fortifications.

CASUALTIES.

The total number of killed and died of wounds of Maine volunteers is	2801
Those died of disease,	4521
Total deceased in service,	7322

These are wholly casualties from the army lists." No record has been furnished the Adjutant General's office of killed and wounded, died of disease, &c., from among the 6750 men to our credit in the navy and marine corps. The following are those organizations which lost the greatest number:

STATE AND TOWN BOUNTIES.

The amount of State bounty paid volunteers, drafted men, substitutes and all other recruits for the army any navy, between April 12, 1861, and Dec. 31, 1865, was $4,584,638. Fifteen regiments of infantry, (eight of which were for nine months' service,) one regiment of cavalry, six batteries of light or mounted artillery, and all recruits enlisted between September, 1861, and July 17, 1862, except such as had volunteered up to that time under the call of July 2, 1862, entered service with no State bounty whatever. The first ten regiments (all of infantry,) and the first company of sharpshooters, which were raised and went into service in the spring and summer, and early in the Fall of 1861, were paid as State bounty, an amount equal to two months pay of each member. Not less than from 25,000 to 30,000 of Maine's contingent of troops were furnished to the general government without the payment of State bounty exceeding $200,000 in the aggregate.

Returns have been received from 415 cities, towns and plantations paying bounties. The following is the amount paid in the several counties:

BENEVOLENT AGENCIES FOR SOLDIER'S RELIEF.

Valuable tables have been compiled by Geo. R. Davis of Portland, State Agent during the war, showing the moneys, hospital stores, &c., contributed in Maine. Many towns having failed to keep a record, whilst others have neglected to make a return, the following figures are given only as an approximate estimate.

Counties.	Amount.	Counties.	Amount.
Androscoggin	$48,735	Penobscot	$95,100

Oxford	23,200		$731,134

Assistance was rendered in Boston by United States Sanitary Commission, to about 18,000 Maine soldiers, and by the same agency to about 9000 men between Boston and New York, at a total expense of $25,000.

STATE AID.

Below will be found an exhibit of State aid, by counties from 1862 to 1865 inclusive. General Hodsdon says that the State aid proved a strong incentive to enlistments, and, more than all else, tended to restrain heads of families from enlisting in the organizations of other States paying larger bounties than Maine, as the aid was withheld by law from families of persons serving in other than regiments of this State and those of the United States.

Places which allowed the largest amounts of State aid are as follows: Auburn, $10,950 84; Lewiston, $31,070 26; Brunswick, $20,635 84; Houlton, $10,327-32; Portland, $105,473 35; Gorham, $10,008 32; Westbrook, $15,111 28; Hillsworth, $22,900 76; Augusta, $43,176 48; Gardiner, $22,650 46; Hallowell, $13,239 56; Pittston, $11,257 51; Waterville, $10,234 42; Camden, $15,949 22; Rockland, $31,096 70; Wiscasset, $11,257 75; Bangor, $96,491 63; Brewer, $12,254-80; Oldtown, $17,487 15; Orono, $11,873 55; Bath, $31,426 33. I have given only those places which have exceeded the sum of $10,000.

LOCAL AND OTHER ITEMS.

—After another very warm day yesterday, a reviving and gratefully received shower visited us towards evening. The lightning was sharp and the peals of thunder very heavy.

—There will be Vespers at the Unitarian Church to-morrow evening, and every Sunday till further notice, commencing at half-past six.

—At the usual service at St. John's church French street, at half-past six to-morrow (Sunday) evening, there will be a sermon by the Rev. Mr. Briggs of Oldtown.

—SPIRITUALISM. Andrew T. Foss will speak at Pioneer Chapel Sabbath afternoon and evening, which closes his engagement. Admission Free.

—Hon Hannibal Hamlin, who has been in this city two or three weeks confined by an attack of rheumatism, is now able to ride out, and will probably soon recover sufficient to return to his official duties in Boston.

—Recollect that although the Portland banks and business men announce that they will not take our State bank bills, they are regularly redeemed in Boston and will in all probability continue to be taken there for goods.

THE THIRD AND FINAL SALE. It will be seen by advertisement in another column that another sale of fine paintings will take place in Concert Hall, Norombega Building, on Monday evening next. These paintings are new ones, and not those before exhibited, comprising a good variety in size, style and subject. The Gallery will be open to visitors on Monday next from 8 o'clock a. m., until the time of sale.

LAUNCH. Will be launched from Dunning's ship yard, in Brewer, on Thursday next at about 11 o'clock a. m., ship Phineas Pendleton, of about 1400 tons burthen. This is the largest ship built here since the launch of the Bosphorus, built by the Messrs. Cooper in 1854 we think.

SEIZURE. We understand that Collector Devereux seized the schr Lucinda, of Rockport, with $1000 worth of liquors on board, on which duties had not been paid.

HOTEL THIEF. David Thibedeux, who hails from Houlton, but has been for some time stopping at the National House in this city was arrested on Thursday by officer McLaughlin, on the charge of stealing a quantity of clothing from one of the rooms in the National House a night or two since. He was examined before Judge Humphrey and bound over in the sum of $300, which failing to procure, he was committed. He confessed to the theft, and all the stolen articles were recovered.

SCHOOL AT GORHAM. We call attention to the advertisement of George A. Perkins of Gorham. He has purchased an estate there, and will open a family school for boys.

SAD ACCIDENT. We learn that Mr. Jos. Davis of East Eddington, while at work upon his barn in that town, recently, fell from the topmost staging to the ground, a distance of some twenty feet, injuring him internally to such an extent that his recovery is doubtful.

—Rev. Zenas Thompson of West Waterville declined being a candidate for Governor—through The Banner, this week. His principal "reason" was, that he had already been honored by the people in being elected a district school agent.

—The copperhead papers are howling about "electioneering tricks" because Congress proposes to order the printing of a large number of copies of the Reconstruction Committee's report. They conveniently omit to state that the proposition to print includes also the *minority* report of the same committee, which the copperheads vociferously applaud. The "radicals" of Congress propose to let the people have both the reports. Is there anything unfair in that?

—The Bangor Democrat severely censures the action of the Democratic State Committee in postponing the State Convention of that party to the 7th of August next, declaring that this "announcement, almost on the very eve of the day designated for the assemblage of the Democracy of Maine by their delegates, strikes the people of this section of the State with astonishment and mortification."

The Democrat fears that the name of "Democracy" which it and its compeers have made so flagrant, is to be discarded.—Where then will be the editor's occupation.

—A boy was fined $2 and costs in Portland the other day, for stealing a newspaper from the door of a subscriber. The Judge remarked that the offense of which Sullivan was convicted, had become too common, and the next case of the kind that came before him would be punished by imprisonment.

—Harper's Magazine for July has been received at Bugbee & Co's. Porte Crayon continues his "Personal Recollections of the War," one of the most interesting articles that has appeared for a long time in Harper. A fine insight into the condition of affairs in Virginia during the incipient stages of the war. "Some Curious Homes" is a profusely illusted sketch of the habitations of some of the mouse tribe, and of bees, hornets and wasps. A well written description of Lisbon, with several find illustrations, follows.

—Godey's Lady's Book for July is a brilliant Summer number. The beautiful steel engraving is illustrative of "Summer Joys," and the six figures colored fashion plate speaks for itself. This number begins the 73d volume and offers a good opportunity to commence subscriptions. In this volume, from July to December, are given all the fall and winter fashions—cloaks, mantles, furs, bonnets, crochet work, &c.

RAILROAD CONNECTION. The Portland Advertiser, in a complimentary notice of the Maine Central road, suggests that what we all know is wanted, an independent extension to Portland. The connection with and dependence upon the Grand Trunk for 27 miles of the route is neither pleasant nor satisfactory to the company, as we understand; and an independent extension to Portland, or even an extension to and connection with the Portland & Kennebec road at Yarmouth, would enable the two companies to command some better terms of connection with the Portsmouth, Portland & Saco road, and would ensure more prompt-ness to time on the part of the latter named road, and better terms of transmission of eastern freight and passengers to Boston.

Sergt. Waterman Wood of Steuben, a veteran regular and volunteer, a soldier for more than a dozen years, and "seamed with honorable scars" has been appointed light-keeper on Libby's Island.—Times.

An Invaluable Spring Medicine.

DR. J. W. POLAND'S

HUMOR DOCTOR.

This excellent medicinal remedy was first prepared by Dr. P. in 1847, and was then employed with great success in expelling humors from the blood; but in 1848, a medical friend, who was quite celebrated as a physician, especially in the treatment of humors, suggested some important improvements, which were adopted, and which have made it (so the people say,) the very best remedy for all kinds of humors known to "the faculty." This preparation is composed wholly of vegetables, among which are Sarsaparilla, Yellow Dock, Burdock, Noble Pine, Mandrake, Senna and Bloodroot. Suffice it to say, the "Doctor" is used in hundreds of families as a general medicine. Unlike many other popular remedies, it is very grateful to the taste.

TELEGRAPHIC TO THE Whig & Courier.

News from Washington

A Message from President Johnson to Congress.

He Doubts the Propriety of the Proposed Constitutional Amendment.

WASHINGTON, June 22.

The President to-day sent the following Message to the Senate and House of Representatives:

I submit to Congress a report of the Secretary of State, to whom was referred the concurrent resolution of the 18th inst., respecting a submission to the legislatures of the States of an additional article to the Constitution of the United States. It will be seen from this report the Secretary of State had on the 16th inst. transmitted to the Governors of the several States certified copies of the joint resolution passed on the 13th inst, proposing an amendment to the Constitution.

Even on ordinary terms a question of amending the Constitution must be justly regarded as of paramount importance. This importance is at the present time enhanced by the fact that the joint resolution was not submitted by the late Houses for the approval of the President, and that of the 36 States, which constitute the Union, 11 were excluded from representation in either House of Congress, although with the single exception of Texas they have been entirely restored to all their functions as States in conformity with the organic law of the land and have appeared at the National Capital by Senators and Representatives who have applied for and been refused admission to the vacant seats, nor have the sovereign people of the nation been afforded an opportunity of expressing their views upon the important questions which the amendment involves.

Grave doubts, therefore, may naturally and justly arise as to whether the action of Congress is in harmony with the sentiment of the people, and whether State legislatures elected without reference to such an issue, should be called upon by Congress to decide respecting the ratification of the proposed amendment.

Waiving the question as to the constitutionality of the the proceedings of Congress upon the joint resolution or as to the merits of the article which it submits through the executive department to the Legislatures of the States, I deem it proper the step taken by the Secretary of State as detailed in the accompanying report are to be considered as purely ministerial and in no sense whatever committing the Executive to an approval or recommendation of the amendment to the State Legislatures or to take people on the contrary. A proper appreciation of the letter and spirit of the constitution as well as of the interest of national order, harmony and union, and of deference for an enlightened public judgment may, at this time well suggest a doubt whether any amendment to the constitution ought to be proposed by Congress and pressed upon the Legislatures of the several States for final decision until after the admission of such loyal senators and representatives of the now unrepresented States as have been or as may be hereafter chosen in conformity with the constitution and laws of the United States.

(Signed) ANDREW JOHNSON.
Washington, June 22d, 1866.

Accompanying the message is a letter from Secretary Seward, stating that he has sent a copy of the proposed amendment to the Executive of the several States.

—Schr Medford, Jordan, from Bangor for New Bedford, at Portland 19th instant, reports on Monday, in a heavy gale, shifted deck load, which caused the vessel to leak badly, and was obliged to throw over part of cargo of lumber to free her. Will repair and proceed.

—The Bath Times says that Mr. Washington Elliott, formerly of that city, but now of San Francisco, Cal., met recently with a serious accident while on an excursion. While leaning out of the door of the the baggage car looking toward the rear of the train, the cars passed a bridge, the frame of which came in collision with Mr. Elliot's head seriously injuring him.—He was for a time in a precarious situation, but at last accounts it was thought he would recover.

—E. H. Turner of Rome, took a horse from a stable in Augusta on Thursday week, and not returning it, search was made for him. He was arrested with the team in Wilton, and taken to Augusta, where upon examination he was lodged in jail to await trial at the August term, under a bond of $900.

—Schr Atlantic, from Bangor, arrived at Philadelphia 19th instant, with loss of deck load (60,000 feet of lumber), having been ashore on Joe Flogger, and got off with damage to vessel.

—An ancient bill-poster of 75 years, named Lanham, died recently at Portland. The Advertiser honors him with a good obituary. He was a soldier at Waterloo.

—The extent to which ivory is an article of commerce and consumption is little known. According to Galignani's Messenger, more than a million of pounds are required annually in England for various manufacturing purposes. Elephant tusks usually weigh from 70 to 350 lbs each, but some are enormously larger. One was recently cut up in this country, nine feet long, and weighing 800 lbs. A slab of pure ivory eleven feet in length and a foot broad was exhibited at the World's Fair in London in 1851. It is estimated that four thousand men lose their lives annually in the pursuit of elephants for their ivory.

—An ovarian tumor, weighing 75 pounds, was removed on the 7th ult., from a lady at Danbury, N. H., since which time the patient has perfectly recovered. This is said to be the largest tumor of the kind ever removed with successful results.

—THE MORGUE IN NEW YORK. The Morgue on Bellevue Hospital grounds has just been completed, and on Tuesday last was opened for the inspection of the public. It is modeled after *La Morgue* in Paris, and will doubtless be the means of restoring many unknown bodies to their surviving relatives.

—The Rochester (N. H.) Courier says that several families of that town are to join the emigrant party to Palestine, preparing to leave this State in July, under charge of Rev. Mr. Palmer.

—The menhaden (or porgy) oil fishery is a tremendous business this season. On some parts of our coast the sea seems alive with the fish. A Massachusetts exchange says that in Narragansett Bay over 400 boats are engaged in the fishery, and 10,000 barrels a day caught. For some years back the menhaden have been quite scarce, and there was apprehension that the immense slaughter of them for their oil might destroy the species, or cause a scarcity that would be very injurious to the cod and mackerel fishermen, who depend upon them for bait.

[*Advertisement.*]

Mothers and Nurses, if you have occasion to administer remedies for Dysentery, Diarrhea, Cholic, Cramp, Sick or Sour Stomach and the like, don't fail to give Dr. Bicknell's Syrup a trial. It is advertised in another column, and is really all that is claimed for it.

THE RIGHT SPIRIT. A correspondent of Portland Press, in writing to that paper from this city, previous to the recent nomination for Governor, says:

These and eight or nine hundred more were discussing to-day's nomination till midnight last night. A tea-fight is a summer's breeze to the gale of talk which swept through the parlors and corridors of the hotels last evening. Yet it was noteworthy that the discussion, even when warmest, was always respectful and never ill-tempered.—More than once I heard men say, "whoever is nominated tomorrow will be my candidate," and the reply was always, "Certainly; the choice of the convention will be mine." While the friends of both candidates are devoted and eager, there is the most gratifying assurance of a unanimous disposition to assent fully and freely to the decision of the majority. There have been some misrepresentations on both sides—frowned down at once by the better judgment of men who could not afford to be helped by such means. A libelous handbill, assailing the character of Collector Washburn and accusing Mr. Spring of seeking to buy the nomination, was introduced into the cars Tuesday, but was promptly suppressed by Gen. Chamberlain's friends. I have seen the document, but was unable to procure a copy. A lying report was started, that Gen. Chamberlain voted for McClellan, when the fact is known that with a bullet hole through his body, woundded nigh unto death, he was carried on a stretcher to the polls to deposit his vote for Abraham Lincoln.

A COURAGEOUS WOMAN. Miss Mary G. Halpine of Nashua, New Hampshire, a contributor to several literary works, had an adventure with a burglar a few evenings since. Only herself and mother were in the house and it was raining in torrents. She watched the operations of the burglar while he removed a pane of glass and introduced his hand to raise the window; and then, thinking that the affair had been carried far enough she discharged a revolver twice, dropping him to the ground. A policeman hastened to the spot, but the burglar had escaped, leaving a pool of blood under the window.

The Washington correspondent of the Cincinnati Gazette, speaking of the Johnson mass meeting at Frederick, Md., last Saturday, says that numbers of returned rebel soldiers were in attendance, and cheers for Jeff Davis, Mosby, Beauregard and other noted rebels were repeatedly given at the meeting and on the streets. Montgomery Blair and other copperheads delivered speeches on the occasion.

Great Bank Robbery in Bowdoinham

We have the particulars from Conductor Bodge of the Portland & Kennebec Railroad who came up this morning on the freight train, that an extensive bank robbery occurred in Bowdoinham last night. Several robbers entered the dwelling-house of Mr. B. Butterfield, cashier of the Village Bank in the village of Bowdoinham, by breaking a window. They then went up to Mr. Butterfield's room, struck him in bed, tied and gagged him, as well as gagged every member of the family. They then consulted together as to murdering an infant child, but they left their crime uncommitted; and taking the keys of the bank and the safe, they went to the bank, but were unable to open the safe. The robbers then returned to the house, and, relieving the cashier, marched him under pain of death to the bank, the safe of which he was obliged to open, or to show them how to open, and they then stole U. S. bonds, the bills of the Village Bank, and other available property, to the amount of about $67,000, and then decamped. The robbers were traced to Topsham, and there is great interest and excitement throughout the towns adjoining Bowdoinham, to endeavor to trace out the great robbers and bring them to justice. We hope even in an evening edition, to be called to announce their capture.—[Portland Star.

The Lewiston Journal adds the following on authority of Conductor Bodge:

The villains were masked and disguised. Mr Butterfield was left in an exhausted condition, seriously injured, it is feared, by the tortures of the villains. His teeth were knocked out, and he was generally quite roughly damaged. He is said to be a gentlemen of much resolution and determination, but was fully in the power of the desperadoes. There were, at least, two of them, but as they were disguised, of course Mr. Butterfield would be unable to describe their real person.

The robbers were tracked to Topsham this (Friday) morning, but there the trail was temporarily lost. At 5½ this morning two men were seen driving rapidly through Brunswick, their horses foaming. They drove toward Harpswell, and it is not improbable these parties are the guilty ones.

The event was unknown in Brunswick at the time the men drove through there. Detectives are out in all directions and wickedness has rarely been surpassed. That the villains should have been able to have so mal-treated the cashier and wife, and occupied so much time at such an hour in the morning, in the heart of a village, without being detected or alarmed, is something quite strange.

It is almost impossible for the villains to escape with their booty. The bill-holders of this bank are, in any event, secure, as the bills of all National Banks are protected by bonds deposited at Washington. The Bank was largely owned by Mr Purington, a wealthy gentleman of Bowdoinham.

CONSTITUTION

LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

L

SCROFULA,
STRUMA, GLANDULAR SWELLINGS,
ULCERATION, KING'S EVIL,
ERYSIPELAS, SALT RHEUM

This taint (HEREDITARY and ACQUIRED,) filling life with untold misery, is by all usual medical remedies incurable.

RHEUMATISM.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in rehumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of twenty or thirty years standing have been cured.

I

NERVOUSNESS.
Nervous Debility, Shattered Nerves,
St. Vitus' Dance, Loss of Power,
Confusion of Thoughts, Epilepsy.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their foot-steps to a Hope which fulfills more than in promise

MERCURIAL DISEASES.
Salivation, Rotting of Bones,
Bad Complexion, Aches in Bones,
Feeling of Weakness, Depression of Spirits.

F

CONSTITUTION LIFE SYRUP purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

Eradicates, root and branch, all Eruptive Diseases, of the Skin like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

E

CONSTITUTION LIFE SYRUP

CURES ALL SWELLING OF THE GLANDS, Either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

S

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsey of the limbs, abdomen, and in the female, Dropsey of the ovaries and womb, generally accompanied with inflammation and Ulceration of the Uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced without resorting to the knife, or operations of any kind.

Y

Epileptic Fits, Sympathetic or Organic Disease of the Heart, as palpitation, Disease of the Valves, producing a grating or filing sound, Dropsey of the Heart Case and all the affections of this importan organ (persons suffering from any acute pain in the region of the heart), will be greatly relieved by Constitution Life Syrup.

BROKEN DOWN AND DELICATE CONSTITIONS SUFFERING FROM INDISPOSITION TO EXERTION, PAIN IN THE BACK, LOSS OF MEMORY, FOREBODINGS, HORROR OF CALAMITY, FEAR OF DISEASE, DIMNESS OF VISION, DRY, HOT SKIN AND EXTREMITIES, WANT OF SLEEP, RESTLESSNESS, PALE, HAGGARD COUNTENANCE, AND LASSITUDE OF THE MUSCULAR SYSTEM, all require the aid of the CONSTITUTION LIFE SYRUP.

R

FOR ALL FORMS OF

Ulcerative Diseases,

Either of the NOSE, THROAT, TONGUE, SPINE, FOREHEAD or SCALP, no remedy has ever proved its equal.

MOTH PATCHES upon the female face depending upon the diseased action of the liver, are very unpleasant to the young wife and mother. A few bottles of CONSTITUTION LIFE SYRUP, will correct the secretion, and remove the deposit which is directly under the skin.

In the diseases of the Liver, giving rise to Languor, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of CONSTITUTION LIFE SYRUP.

U

AS A GENERAL BLOOD PURIFYING AGENT THE LIFE SYRUP STANDS UNRIVALLED BY ANY PREPARATION IN THE WORLD.

The Haunted Waterfall.

The lady Laura lies upon her couch in soft repose,
Around her form the waning fire a ghastly halo throws
Beside her lie her rats and mice, her 'Derby" and her bows,
With her waterfall her satin robe, and divers other "close"

Of dreams the lady Laura, now of yester-even-ing's ball,
Whereas, in beauty and in pride, she reigned the queen of all?
Or dreams she of the wounded hearts that 'neath her sceptre fall?
But, harkl a footstep loud is heard along her father's hall.

Up stairs it comes! the windows of the stately dwelling shake;
A brace of poodles in their sleep a doleful howling make,
The fire is burning as sulphury as Pluto's lurid lake,
The footsteps at my lady's door—O! lady Laura wake!

She sees a female figure there, a standing by her side,
'Tis clad in white from head to foot—'tis pale and hollow-eyed,
And on that gorgeous waterfall it looks with silent pride,
The lady Laura cannot move, her tongue with fear is tied

'And I have found you once again, my bonny locks of hair!'
Oh! long I've sought you high and low, since e head of mine was bare,
I will not lay a hand on you, to harm you lady fair,
But I must carry to the grave, this very night that 'ere.

'For, oh! upon my head in life these golden ringlets grew
And round my rosy cheeks, when young, in shining ripples blew!
It's very cold below the sod, I needs them more than you,
I leaves now, for I sniffs the morn, my lady fair, adieu!"!!

A SINGULAR MARRIAGE The New York papers publish accounts of an extraordinary elopement, which revives the name of Mrs General Eaton, who figured prominently in Washington society during Gen Jackson's administration It appears, that several years after her husband's death, Mrs Eaton married an Italian dancing master named Bouraganani The latter, it is alleged, recently obtained possession of his wife's property, and last week sailed for Europe, taking with him Mrs Eaton's granddaughter, now a grown up young woman The Tribune speaking of this affair, gives the following account of Mrs Eaton's marriage to Bouraganani, and his elopement with her granddaughter

When Gen Eaton died, his widow, (who was originally Miss Margaret O Neil, of Washington,) became possessed of his large estate She also assumed the guardianship of four or five grandchildren, who were, by intermarriage, closely connected with the Randolph family of Virginia One of these grandchildren occupies a post in the marine service of the United States Another and the youngest, is a clerk in the retail establishment of A T Stewart, in New York Another has married a colonel in the army, while the fourth is one of the unfortunate victims of the Italian Bouraganani

This Italian adventurer, a dashing, handsome young man, came to this country destitute of friends or means—earned a scanty livelihood as a vender of images—then became, in conjunction with a man named Marini, a dancing master, removed to Washington, became professionally acquainted with two of the grandchildren of Mrs Eaton, who attended his dancing school both in Washington and Alexandria, and by their instrumentality he formed the acquaintance of Mrs Eaton, (she being 60 years of age and he 20,) ascertained her wealth, married her for her money in spite of social and public opposition, obtained the sole possession and control of her estate, betrayed her grandchild, (his own granddaughter by adoption,) sold secretly, by means of a general power of attorney and his wife's unlimited trust and love, all the property of his wife pocketed the proceeds, sold out privately his nominal business (straw goods, etc) and leaving behind him a cold and cruel letter, departed in the steamer for Europe, accompanied by his granddaughter, who, by his means, has been rendered but too well skilled in sin and deceit

Since the departure of the chief actor in this strange tragedy, various new facts have been brought to light It has been ascertained that Bouraganani, though according to his statement "alone in the world," has two brothers residing in this city or vicinity, one of whom is a man of some means The existence of these relations has been successfully concealed from his wife and adopted family for a period of seven years, and has only been discovered by accident It has also been ascertained that although in his farewell letter to his benefactress and wife, he states that he has made provision for her maintenance, this provision is of the most dubious character, the sum per week promised being altogether in the power of some mysterious confederate, who can, at any time, refuse to advance the money The letter also states that $1,000 due from the sale of a cottage belonging to his wife will shortly be placed in her hands, but for this statement also there is no evidence save his own word

It also seems that the Italian has not only robbed his wife of her all, but has also collected some $2,000 belonging to the grand-daughter of his victim, so that in reality he has absolutely deserved the two women wholly dependent upon him for every dollar that they possess in this world The amount of money with which he has decamped exceed, it is ascertained, $40,000 in gold Skilful lawyers have been engaged by the friends of the deserted wife to ascertain if the law can have any held upon the fugitive

ILL JUDGED CENSURE The following rebuke of those in easy circumstances who are uncharitable towards the errors of the poor, is from Herbert Spencer's Social Statistics

'It is very easy for you, O respectable citizen, seated in your easy chair, with your feet on the fender, to hold forth on the misconduct of the people; very easy for you to censure their extravagant and vicious habits, very easy for you to be a pattern of frugrity, of rectitude, of sobriety What else should you be? Here are you surrounded with comforts, possessing multiplied sources of lawful happiness, with a reputation to maintain, an ambition to fulfill, and the prospect of a competency for your old age Shame indeed would it be, if with these advantages you were not well regulated in your behavior You have a cheerful home, are warmly and cleanly clad, and fare, if not sumptuously every day, at any rate abundantly For your hours of relaxation there are amusements A newspaper arrives regularly to satisfy your curiosity; if your tastes are literary, books may be had in plenty; and there is a piano if you like music You can afford to entertain your friends and are entertained in return You may have a holiday when you choose to take one, and can spare money for an annual trip to the sea-side And enjoying all these privileges, you take credit to yourself for being a well-conducted man! Small praise to you for it! If you do not contract dissipated habits, where is the merit? You have few incentives to do so Is it an honor to you that you do not spend your savings in sensual gratification! You have pleasures enough without.

Let us see you tied to an irksome employment from dawn to dark, fed on meagre food, and scarcely enough at that; married to a girl ignorant of domestic management; deprived of the enjoyments education opens us, with no place of recreation but the poor-house; and then let us see whether you would be as steady as you are.

VENTILATING A CAR. Prof Hamilton, the horse tamer, of Hagestown, Ind, is an original genius, and as fond of a joke as he is of fresh air. The other day on the train going home from Cincinnati, he tried to raise a window in the car where he was sitting; but could not move it He called the conductor to assist him, with no better result Instantly he knocked the pane of glass out with his cane saying, 'Now we will have a little fresh air' 'Sir' said the conductor, 'you must pay for that' 'How much?' asked the Professor 'One dollar.' answered the conductor Prof Hamilton passed him a two dollar bill The conductor was about to hand back a dollar in change when the cool tamer of wild animals quietly said; 'Never mind, I'll take another pane,' and with another stroke of his cane let God's fresh atmosphere in through a second window 'Well,' exclaimed the conductor, 'you can't have any more at that price. 'It's not first cost'

EXECUTIVE DEPARTMENT,
Augusta, June 6, 1866

To Municipal Authorities:

A CONSTRUCTION has been placed upon the blank applications for State Pension, to which it is perhaps liable, though by no means intended, (as will appear by the instructions accompanying the blanks) that every party applying shall declare him or herself a pauper To correct this, in all cases in which persons applying are not receiving aid, either public or private, the third paragraph of the application signed by the proposed beneficiary, which declares the inability in the second line, should be changed by striking out the words "am," "and" and "continue to," so that line will read "obtain a livelihood for myself and those dependent upon me, and shall be compelled to," &c

The object of this law is to relieve those who may be paupers and prevent others from becoming so, and will be so administered.

STRANGUARY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled, with that distressing pain in the small of the back and through the hips. A teaspoonful a day of the Constitution Water will relieve you like magic

CONSTITUTION WATER

Has proved itself equal to the task that has devolved upon it.

DIURETICS

Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing, and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

STROUDSBURG, PA., Jan 20, 1866.

DR. GREGG

Dear Sir —I wish to inform you that I have been under the treatment of some of our best physicians for nearly two years, without receiving any benefit. I had lost all confidence, and I indulged in but little hope of a cure from any source. My disease was Dropsy, and my physicians told me that there was no cure for me. I was tapped some fifty times, and at the different operations about 1200 pounds of water was removed.

I am happy to inform you that I have been completely restored to health by the use of Constitution Water.

I make this statement hoping it may reach those persons who may be similarly afflicted.

Respectfully,
MRS. MARGILL C. LEVANWAY.

IN DYSMENORRHŒA. OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

DANVILLE, Pa, June, 1862—*Dr. William H. Gregg —Dear Sir* —In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured soon after regaining my usual good health

Yours truly, J. V. L. DEWITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861—*Wm H Gregg & Co.—Gents* —I freely give you liberty to make use of the following certificate of the value of the Constitution Water, which I can recommend in the highest manner —My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with *palpitation of the heart and irritation of the bladder* I called a physician, who attended her about three months, when he left her worse than he found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain, He finally gave her up, and said "*her case was incurable. For," said he, "she has such a combination of complaints that medicine given for one operates against some other of her difficulties"* About this time she commenced to use the Constitution Water, and to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure.

WM. M. VAN BEUSCHOTEN.

WEATHERSFIELD, Conn., March 2, 1863—*Dr. W. H. Gregg —Dear Sir*.—Having seen your advertisement of "Constitution Water," recommended for Inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise, I found a great change in my health. I have used two bottles of it and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommended it to be. May the blessing of God ever attend you in your labors of love.

Notice to the Public!

In the year 1846, the writer embarked in the Drug Business in the city of Philadelphia, and while thus engaged, made several experiments in regard to the most desirable mode of preparing Fluid Extracts —My efforts being successful—the articles being approved and used by the Medical Faculty—I was desirous of placing them before the public, but hesitated for some time before concluding to resort to newspaper advertising, knowing the prejudice that existed in the minds of many against using advertised *Medicines* or *Nostrums*, but through the advice of friends and those who had used them this objection was overcome.

After 18 years' exertion, commencing in a small way, the popularity of my articles has extended to all parts of the United States, and widely throughout foreign countries—and this in the face of much opposition. Every means has been resorted to by unprincipled dealers since their merit and success have been known—such as advertising larger bottles at less price, counterfeiting my advertisements—but I am happy to state that out of the many who have resorted to this, none have been successful

MY OBJECT

In this notice is to make facts known to the public and respectable dealers, believing, after so many years' exertions, that the Druggists will discountenance such proceedings, and that the reputation of my articles may not be damaged by use of inferior or spurious ones.

Knowing that many may read this article who are unacquainted with me, I append a few remarks from those of my native city, and whose names are known in all parts of the world

"Being personally acquainted with Mr. H. T. Helmbold, it affords me pleasure in stating I have been most favorably impressed with his energy and integrity, and gratified at his success"

WM. WEIGHTMAN,
Firm of Powers & Weightman,
Ninth and Brown Streets, Philadelphia.

[*Evening Bulletin, Philadelphia*]

"When on a visit to the city of New York a few days since, I was induced to call on our old friend and townsman Mr H. T. Helmbold, Druggist, 594 Broadway, New York. His store is a *Model*—a perfect *Gem*—the handsomest of any kind we have ever had the pleasure of viewing, and so extensive, being 34 feet front, five stories in height, and over 200 feet deep. It indeed affords us much pleasure to know that he has been so successful, and it is ample evidence of the merits of his articles—as in our long business experience we have not known of the success of any one without *Merit*—advertising merely bringing the name before the people."

The writer reluctantly inserts the above, and would not do so were he not a stranger to many, and concludes by stating the names of his articles, and the diseases for which they have been used by many thousands with complete success.
